PENAL CODE IS PASSED

WASHINGTON, D. C., Feb. 26.—The penal code has been passed in the Senate. The code, in addition to reenacting the various criminal laws applicable to all Territories, contains sections relating to the slave trade in the Philippines and providing penalties for those convicted of taking part in the traffic.

TO BLOW UP JUDGES

OAKLAND, Cal., Feb. 26.—The police have verified the statements made on the witness stand by "Baby John" Martin that he had stored explosives under the houses of some of the local judges at the order of Mrs. Martin, in order to blow up the houses and kill the jurists.

OAKLAND, Cal., Feb. 11.—Prominent jurists in Oakland realized today for the first time what a very narrow escape from death they had had at the hands of Mrs. Isabella J. Martin when advised from Weaver's house caused Sheriff Barnett to locate and obtain possession of a dynamite bomb found concealed under Mrs. Martin's former Oakland residence, 1534 West street. The finding of the bomb, primed and ready to explode, was made possible by confessions on the witness stand of the Superior Court of Trinity County yesterday by "Baby John" Martin, alleged son of Princess Chimay and protégé of Mrs. Martin. Mrs. Martin is now held at Weaverville under \$10,000 bonds.

"Baby John," according to his testimony, set fire to cottages owned by Mrs. Martin at Sixteenth and Perla streets, Oakland, for the destruction of which she tried unsuccessfully to collect insurance from the Westchester Fire Insurance Company of New York.

ST. PETERSBURG, Russia, Feb. 26.—In consequence of the discovery of the theft of a million dollars' worth of merchandise in transit, the thefts covering a long period of time, the value of railway shares have taken a sensational drop.

ST. PETERSBURG, Russia, Feb. 26.—The czar has received three hundred members of the Duma in audience. In addressing them he expressed the hope that the Duma would pass a measure dealing with agrarian reforms.

CHINA JOINS TELEGRAPH UNION

PEKING, China, Feb. 26.—China has joined the telegraphic union. Since 1881, when the first line was built in China, the telegraph lines in the Empire built about sixty thousand miles.

SAGHALIEN BOUNDARY DECIDED

VLADIVOSTOK, Siberia, Feb. 26.—The dispute between Russia and Japan over the boundary between the territory of the two countries on the island of Saghalien has been settled.

21,000 MEN TO CLEAR SNOW

KHARAKOW, Siberia, Feb. 26.—The snow has blockaded the railroad and traffic has been suspended. Twenty-one thousand workmen are out at work on clearing the tracks.

VOTES FOR ALL DANES

COPENHAGEN, Denmark, Feb. 26.—The Universal Municipal Suffrage Bill has passed its third reading.

COMMITTEE WILL

(Continued from Page 1)

altogether on whether the Rice vote is cast. If this is done, the vote will result in a tie of four to four, and Chairman Robertson will then cast the deciding vote, which will be in favor of the endorsement, which will then be given. If, on the other hand, the Rice vote is not cast, the application for an endorsement will be turned down, as the vote will then stand three to four, and there will be no opportunity for Robertson to cast his vote at all.

KEKAHA EXPECTS

(Continued from Page 1)

planted, and several fields were damaged by soil filling in and covered the cane, which had to be dug out. I estimate this year's crop to yield 8,000 tons.

We started milling in October and have to date taken off 4,500 tons of sugar. The damage done by leafhopper is very small, but we have considerable aphids which do a great deal of damage to the young cane.

Crop 1909. Have planted about 220 acres of new land on the hills under the new ditch, 200 acres of this will be harvested and 20 acres used for seed.

This cane was planted rather late, October and part of November, but is looking very well and promises to give a fair yield.

For 1910 crop we expect to plant 400 to 500 acres of land mauka of the new ditch, for which we have to pump water from the new ditch by power developed from the water used on the mauka lands. This electric pumping plant has been ordered and is expected to arrive in June. We have plowed about 200 acres of these mauka lands.

Ditch. The new ditch is delivering a good supply of water, and since we got the water down in August we have only used the pumps for two days; this was due to a small break mauka in the Waimea valley which was repaired in a short time.

We will have to cement part of the ditch this year, when demand for more water for the mauka land begins; so far we have had enough.
